

Winter Solstice, 2009

(based on tropical chart)

(aka Winter Ingress)

Moon

Moon in Aquarius

You are inspired, for humanity is your family and you are seldom bound by tradition or domestic ties. The big picture is what counts most with you, and large-scale movements and group work are the idea. You seldom find personalities interesting and are democratic in the real sense of the word. You are an altruist and love freedom.

Moon in 8th House

Your keen business sense is never sharper than when you are working with or for others -- a group, corporation, and so on. You are great at finding excess and rooting it out, and your actions receive support from those around you. Initiating others.

Sun Sextile Moon

A special affinity for old people and for children, plus an innate love of animals, the helpless, and the underdog. An inner vision coupled with the ability to see the "Big" picture often finds you working as a go-between with others.

Moon Sextile Venus

A born charmer with an innate love and appreciation for other people, especially children. A sense of color, of music and all of the arts -- the beautiful and the comfortable. Always welcome in a group, you are a connoisseur of things bright and kind.

Moon Opposition Mars

You may not get a lot of support for the way you come on -- your basic energy and drive. You tend to go against the crowd and somehow always manage to create reverberation in those around you. Some may even find you overbearing, for your intensity runs counter to whatever is traditional or established. This fact could involve you in a lot of arguments over the years. You are not the least bit sentimental, and even tend to ignore sentiment in others.

Moon Conjunction Jupiter

The public loves you, and it may be hard for you to avoid working with and for others. The way for you involves working with people. Everyone sees you as genuine and giving and tends to trust you on sight. Your ability to counsel others is excellent, and you are always sought out for advice. A born leader, others find it easy to take instructions from you and tend to follow your example. You enjoy helping others solve their problems.

Moon Conjunction Neptune

You find the past, tradition, and all that is historical very romantic, and the ideal world of yesteryear seems to beckon and call. You are most imaginative when it comes to anything spiritual, or psychological -- pertaining to the psyche. Others find you entrancing and always able to draw them into your world of images and dreams. You can inspire them with spiritual ideals. No one has any doubt that you are a high floater -- a full-blown dreamer, complete with built-in psychic abilities and probably given to visions.

Moon Sextile Pluto

A born psychologist. Able to understand and handle a crowd and the public in general. Devoted to children and the idea of future changes. Not much given to a misuse of personal power. Always this sense of vision and purpose. Intense. The long haul.

Moon Conjunction Chiron

Your emotional involvements can take on the proportions of a life work, eclipsing all else in the interest of a quest that drives you even further despite obvious perils of the heart. That opens you to feelings that can utterly transform you, but sometimes at considerable cost where boundaries are overstepped.

Your sense of discrimination and innate good taste means that you know good items from bad and are a connoisseur of all that is fine and beautiful. A love of authority figures (men in particular), plus an appreciation for authority and your elders in general, makes you welcome at any social scene.

Sun Sextile Jupiter

You have a sense of justice and an innate ability to understand the law, whether natural or manmade. Showing others the way through or beyond the problems in their lives comes easy, for you sense how to manipulate the opportunities of life. Lucky.

Sun Square Saturn

You could have trouble with authorities, due to a tendency to assert your own ambitions against the realities of the situation. You don't take to organization and you tend to let things go, ignoring responsibilities. This lack of responsibility can work against any real goals and could result in your being at odds with the law and older or respected persons, in particular men. Your lack of seriousness may undermine any valid attempts to form a base and thus get started.

Sun Square Uranus

It may be difficult for you to break with convention and head out on your own. Your ambitions may well prosper, but often at the expense of any real independence and freedom. There is a switch effect: you may alternate between very conventional behavior and sudden rebellious lapses. At these times your nonconformity and refusal to go along works against your own best interests, making it difficult to get ahead.

You are not afraid of a good confrontation, and you seldom pull any punches. You would be great at research or any work that requires digging, searching, investigating, and getting beneath the surface.

Sun Square Midheaven

Your preoccupation with your appearance, how you come across to others, and a social life in general may cut into both your job and your family life. A tendency toward surface and social graces can cost you plenty in career and home goals.

Mars

Mars in Leo

You are always center-stage and entertaining others. You have an almost fierce sense of pride and are very dramatic and expressive, sometimes forceful. You are a natural at sports, games, anything that "gets it out." Very emotional, you have strong likes and dislikes. You are good with kids, animals -- a teacher or coach. You act it out.

Mars in 2nd House

You are motivated when it comes to possessions and material things. An urge to respond, own, and build upon whatever comes your way makes you a natural when it comes to productivity and the business world.

Moon Opposition Mars

You may not get a lot of support for the way you come on -- your basic energy and drive. You tend to go against the crowd and somehow always manage to create reverberation in those around you. Some may even find you overbearing, for your intensity runs counter to whatever is traditional or established. This fact could involve you in a lot of arguments over the years. You are not the least bit sentimental, and even tend to ignore sentiment in others.

Venus Trine Mars

Matters of the heart, marriage, and the like are areas where you can help others.

Mars Opposition Jupiter

You don't lack drive, but you may lack good judgment at times. You could rush into things before thinking them through, and thus not have adequate planning and forethought. You may take a career in something unsuited to your real feelings and emotional demands. Your emotions could bring on problems in your job and affect your career. Arguments on these issues abound. It may take some careful footwork on your part to find a way of making a living that does not hamper your feelings.

Mars Semi-Square Saturn

Your drive and efforts are not always well thought out. They can lack the method and discipline needed to build a firm foundation, a solid footing. You sometimes push against the way things are, the laws of nature... which is fruitless.

Mars Opposition Neptune

You are not known for your romantic nature, and more than likely you go out of your way to avoid whatever you feel might be dreamy and unrealistic. You may fear that you could get carried away emotionally, even be deceived, if you let up your guard and permit your dreams to take over. Your basic drive pits you against anything that smacks of metaphysics and other-worldliness. You aren't afraid to stand up and say so, either. There is something of the siren, some allurements to all of this, as if your dreams and ideals keep calling you. This is a struggle.

Mars Sesquiquadrate Pluto

Your ambition and drive is often at the expense of your inner self and sensitivities. You may find yourself ignoring signals that indicate a need for change, transformation, and vulnerability in general. Bursts of intense anger are possible.

~~*~*~*~*~*~*

Jupiter

Jupiter in Aquarius

A true progressive, especially in community or group work, you are democratic to the point of being radical -- an idealist. You are cool and impersonal when it comes to being fair or just, with a great interest in new trends and world affairs. You are future-oriented. Application-minded.

Yours is a path of imagination and vision, perhaps leading to a career in music, mysticism, or the arts. You understand the forest behind the trees and the unity beyond all separateness.

Jupiter Conjunction Chiron

If it seems like you're on a mission from God to spread the word about how it's all put together, it's because you really feel that way. Painting the big picture in a way it's never been properly understood is a bit of an obsession, which will mean you do it rather well. Keeping track of it and making it generally available is the challenge.

~~*~*~*~*~*~*~*

Saturn

Saturn in Libra

You have difficulty with relationships and are very idealistic when it comes to friends. You are inflexible, seldom compromise, and find it hard to give in where other people are involved. You need to develop diplomacy and patience. Learn to give (as in "give in") rather than oppose. Be flexible.

Saturn Square Pluto

Your very organized self tends to hide behind duties and responsibilities. This no-nonsense approach manages to push aside many opportunities for others to reach out to you and get close. You resist getting personal and tend to avoid issues that are touchy and might result in confrontation and change. There could be eruptions that overturn all of the more orderly rituals.

Saturn Opposition Midheaven

You are very methodical and practical when it comes to matters of home and family, even at the expense of your career.

North Node

Moon's North Node in Capricorn

When you bear an air of authority, you also must bear its burden, because the air is thinner, and few go there. But if you know the way, you must lead the fray. In the secret places of your heart there is a hidden hearth that awaits you, available not by your command but by those who quietly know what you need.

Node in 6th House

The intricacies of the daily routine can become your stock in trade, to the extent that you are more married to them than you might choose, so choose only as much as you have time for. Nevertheless, it is through the gates of the obvious that the most hidden material walks, as if unseen, except by you.

~~*~*~*~*~*~*~

Chiron

Chiron in Aquarius

To go out and get your message to the people, you first have to listen, digest, and then reforge anew what you've heard so that it fits everybody, even at the sacrifice of yourself. Spreading yourself too thin is both risky and therapeutic, because it lets you in on not just one little secret, but all of them.

Chiron in 8th House

Your mission in life, should you choose to accept it, is not so much about what is yours but what isn't -- or, indeed, rediscovering what once was lost and making it found. In embracing your debt to others, literally or figuratively, you bring yourself closer and in better touch with what you would otherwise take for granted.

Moon Conjunction Chiron

Your emotional involvements can take on the proportions of a life work, eclipsing all else in the interest of a quest that drives you even further despite obvious perils of the heart. That opens you to feelings that can utterly transform you, but sometimes at considerable cost where boundaries are overstepped.

Jupiter Conjunction Chiron

Ceres

Ceres in Sagittarius

The greatest way you demonstrate your desire to help and nurture is through encouragement and a positive frame of mind always available to throw light on another's darker moments. You're a sounding board that always has a positive spin, a renewable resource that makes life always beckon yet again.

Ceres in 5th House

Loneliness is having to always be a grownup, and your best gift is to make it seem OK to be a child again. It's not about encouraging childish behavior, but refreshing the chord of innocence and openness that makes youth so hopeful and full of energy. When it's OK to just play, that makes it all better.

~~*~*~*~*~*~*

Pallas

Pallas in Scorpio

Passionate involvements can be borderline scary as you enter them with the intensity and clarity of a skilled warrior, blurring the already uncertain borders of love and death. Both have the air of a clinical, therapeutic operation which will be transforming, but only if both parties can handle the heat.

Pallas in 4th House

Rome wasn't built in a day, and it was built from the ground up -- that's the kind of wisdom you have to relate, which goes back always to the heart of where you come from, the values that made you who you are. It's all about building your house on a rock, and that's about knowing where the rock is.

~~*~*~*~*~*~*

Juno

Juno in Aries

Once you know where your heart's bread is buttered, you go about taking control of the situation without hesitation. Just as possession is 90% of the law, the first in the door is 90% likely to rule what's inside, and you're not likely to hesitate to go for it. Staying in charge once you get there is another matter.

Juno in 10th House

A professional marriage would be ideal for you, where you are involved in more than just intimacy but in many other roles as well. There's a good chance you will gravitate toward just that, or at least a relationship with a strong public presence, after which you may find that privacy and some space alone is more precious than you had ever anticipated.

Uranus Conjunction Juno

A predictable, socially expected type of marriage is not likely your style -- you'll go for something more unusual, a wholly different and perhaps original approach to the subject that may raise eyebrows among the more conservative. But, for you the point is both adventure and discovery, which requires you go a step further in your quest.

Midheaven Conjunction Juno

Any marriage you become involved in will get plenty of press and its secrets may be hard to withhold from the public. That may be because it involves mutual professional as well as personal involvement, or just because you are both well-known in social circles. Whether as exemplary or notorious, be ready to let it shine.

~~*~*~*~*~*~*~*

Vesta

Vesta in Virgo

The minutes and seconds of the day can become like weeks or months when you throw yourself into doing something, however small, that requires your full attention. Similarly, your ability to focus on the needs of others can make you forget your own situation and the housework you might have otherwise been attending to.

Vesta in 3rd House

When you want it to be phrased just the right way, the message delivered to everyone on the list, you won't say quit. The challenge comes when general and special delivery need to be separated out and you need to pull back and make judgments based on other considerations. Sometimes listening, not talking, is the key.
